[Correspondence.]

Mr. and Mrs. Elmer Hurn have a gentleman visitor at their home.

Mrs. Ad. Capps' brother, of Quay, is here on a visit and a few days ago he was taken sick.

W. J. Capps and John Briscoe traded horses this week.

The valentine party at Mr. Walkers' was quite a success.

Many people are coming here every day and settling on their claims. They are a pleasant and agreeable set of people, and work like they meant business.

We have a good home market here for butter, eggs, chickens, turkeys and feed stuffs, and of course the ladies are happy.

Mr. Rush is putting up a neat cottage on his claim.

Mr. Cartwright will soon have a well bored on his place.

Mr. Jones, of Missouri is moving his family on his claim.

C. W. Capps has ordered a new Lister corn planter and will try corn this year.

An epidemic of distemper is going the rounds among horses in our neighborhood, but as yet none of them have been hurt much.

Mrs. Goff and daughter were visitors in Dodson recently.

Mr. Moore and family of Okla., are here preparing their home in the mountain jog.

There will be a large corn crop

planted in this community this season. Seed corn is in great demand.

Mrs. John Briscoe had an excellent dinner last Sunday. She entertained several guests, among them being Mr. and Mrs. Capps, Mrs. Randall, and Messrs Randal and Briscoe.

Rev. Jefferys preached at Ogle Flat last Sunday.

OLD SETTLER.

A Card.

As I am now occupying my new building, I would announce that I will be better able to take care of all business entrusted to me. Also that I am not connected with or working for any other firm, but carry a complete stock in my line, and ready at all times to attend to calls day or night.

Respectfully,

M. H. KOCH,

17-31 Undertaker and Embalmer.

Now is the Time to Set an Orchard.

Nothing so quickly enhances the value of a place. We are here with a carload of general first-class Nursery Stock, which we will sell at unheard of bargain prices. The stock is here to show for itself. We guarantee true to name in every respect.

Puerto Pickings

Correspondence:

We are glad to hear from John and Sue, as we have never heard the name of our sister town, which is only two and one-half miles away.

Dr. Lawrence, a dentist, was doing business in Puerto this week.

E. S. Gholson went to Bovina, Texas, Monday after lumber to build his house on the plains near the North T T T wind mill.

George Yates has been on the sick list this week.

J. M. Campbell has an attack of pneumonia.

Our people have been very busy for sometime setting out fruit trees. They are taking a step in the right direction, as there is nothing that helps more to beautify a place than trees; and fruit trees are adapted to this country, especially apples, as has been proven at the old Covina ranch and also at Mrs. Dr. Oliver's place on the Frio Draw.

E. O. Davis passed through Puerto last week with a load of freight for his new store on the plains. He will soon have a post office in connection with his store.

Quite a number of Puerto people attended the dance at S. S. Gholson's, of Quay. They report a good time and a fine supper.

Our Sunday School is progressing nicely. We have a good attendance every Sunday provided

the weather is good. We now have preaching services twice a month, 2nd and 4th Sunday.

Our roads are getting in bad shape, especially the Cap Rock road in Puerto canyon. It is the best road going up on the plains, and should be repaired at once.
